

## Vacancy Announcement

### Senior Research Fellow/ Senior Lecturer

BRAC JPGSPH was founded in 2004 in Dhaka, Bangladesh to address the unmet public health challenges particular to Asia, Africa, and South America. The school ensures premier higher education with unparalleled real-life teaching and learning focuses on pressing and emerging national and global public health challenges.

The school envisions being the leading global public health institute for the world's pressing health challenges affecting disadvantaged communities. The school builds capacity and contributes to Public Health by creating innovative public health leaders and solutions through cutting-edge, experiential Education, Training, Research, and Advocacy. The aim is to enable public health leaders, practitioners, critical thinkers, researchers, advocates, and stewards in order to enable concrete changes to improve the lives of disadvantaged populations locally, regionally, and internationally. We are looking for a **Senior Research Fellow/ Senior Lecturer** for the School.

#### Key responsibilities:

- To develop proposals for research projects which increase the knowledge, understanding, and discovery of new explanations, insights, concepts, and processes as 'Principal Investigator' or 'Co-Principal Investigator'
- To lead qualitative/quantitative research activities and projects including the development of the personal, group, or collaborative objectives, as 'Principal Investigator' or 'Co-Principal Investigator'
- To develop research protocols, interpret research findings, generate high-quality publications, and disseminate results through appropriate media
- To prepare reports and present information to research groups, steering groups, etc. – particularly progress reports, overseeing similar activities of research assistants when appropriate
- To identify sources of funding and lead the process of application
- To manage research project budgets and other resources
- To lead and develop internal and external networks, and collaborative groups, representing the University in a professional manner at all times, including links with professional bodies, research funding streams, etc.
- To mentor junior researchers, workshops and training on qualitative/quantitative research methods
- To supervise MPH students for the summative learning project, if required to teach relevant courses in MPH
- To develop and offer short courses on qualitative/quantitative methods/environmental science.

#### Requirements:

- **MPH/Masters** in the area of Epidemiology, Environmental Health, and Research; incumbent should be well versed in quantitative and qualitative methods and tools including the use of relevant software for data analysis.
- Candidates should have a minimum of **5 years of experience**.
- Should have skills in writing reports (in English) independently under minimum supervision; **3 publications** (at least **2 publications** as 1st/ 2<sup>nd</sup> author in peer-reviewed Journal is essential.)
- Candidate having teaching experience would be preferred.

**Salary:** Attractive salary package will be offered for truly deserving candidates.

**How to apply:** Interested candidates are advised to submit the application with a complete CV to: [recruitment.sph@bracu.ac.bd](mailto:recruitment.sph@bracu.ac.bd) by **October 31, 2022**. Please mention in the subject line of your email: **Job Application for Sr. Research Fellow/ Senior Lecturer**

Only short-listed candidates shall be invited for the test. All tests & interviews will be held in Dhaka.

We are an equal opportunity employer and encourage applications from qualified women and minority candidates.

The Organization reserves the right to make an appointment at a grade lower than that advertised.
