

Vacancy Announcement

Assistant Scientist

BRAC JPGSPH was founded in 2004 in Dhaka, Bangladesh to address the unmet public health challenges particular to Asia, Africa and South America. The school ensures premier higher education with unparalleled real-life teaching and learning focuses on pressing and emerging national and global public health challenges.

The school envisions being the leading global public health institute for the world's pressing health challenges affecting disadvantaged communities. The school builds capacity and contributes to Public Health by creating innovative public health leaders and solutions through cutting-edge, experiential Education, Training, Research and Advocacy. The aim is to enable public health leaders, practitioners, critical thinkers, researchers, advocates, and stewards in order to enable concrete changes to improve the lives of disadvantaged populations locally, regionally and internationally.
